

Gisela Ramos

Senior UX/UI Designer

Montevideo, Uruguay | giselamramos@gmail.com | linkedin.com/in/giselamr | behance.net/gmramos | giseram.github.io

PROFESSIONAL SUMMARY

Senior UX/UI Designer with 6+ years designing end-to-end digital products for retail, e-commerce and banking across LatAm, from research through to production, including a full 0→1 product now live. I use generative AI throughout the process: research synthesis, ideation, functional prototyping and documentation.

EXPERIENCE

Qubik — Product / UX-UI Designer

September 2023 – present

- Design across multiple accounts at once (retail, consumer electronics, banking and industry) in different LatAm countries, adapting the process to each business.
- 0→1 design of "Te corresponde", a consumer-claims management platform, from value proposition to production launch.
- Development of design systems shared across projects.
- UX point of reference for development and business on problems with no clear path defined.

Iurco — UX Designer

May – September 2023

- Product improvement proposals based on real user behavior.
- Validation of proposals with high- and low-fidelity prototypes, coordinated with development.

Publicis Groupe — Digital Media Designer (freelance)

May – July 2023

- Assets for digital advertising campaigns (Google Ads, social media) in static graphics and video.

Carrefour Argentina — UX/UI Designer (UX/UI Analyst)

January 2020 – September 2022

- End-to-end design across the e-commerce operation: benchmarking, behavior research, prototyping and tracking the results of each improvement shipped.
- Checkout redesign implemented in production.
- Applied the Design System at scale across the whole site.
- Direct collaboration with development on Vtex IO.

Be Singular — Digital Designer for Carrefour

September 2018 – January 2020

- Key visual and 360° graphics for high-traffic campaigns (Hot Sale, Cyber Monday).
- First hands-on exposure to UX processes, before formally taking on the role.

Fotter S.A. — Graphic & Digital Designer

January 2016 – June 2018

- Key visual, banners and newsletters for leading apparel and footwear brands (Sofi Martire, Via Uno, Heyas, among others).
- Content upload in Magento.

Print House, Blu, Casaxcasa, Estudio MariAna Brusco — Graphic design at agencies and print shops

2013 – 2015

- Signage, catalogs, stationery and campaign pieces, with direct client contact.

EDUCATION

Graphic Design — FADU, Universidad de Buenos Aires (2006 – 2012)

Introduction to UX/UI — Educación IT

CERTIFICATIONS

Product Design — Haz no pienses

Using ChatGPT for Work — Domestika

Creating Content with AI — Domestika

SKILLS

Product thinking

0→1 Design, User Research, Information Architecture, Design Systems

Cross-functional collaboration

Collaboration with development, Collaboration with business, Solution prioritization

Tools & platforms

Figma, Google Analytics, Hotjar, Usabilla, Vtex IO, Magento

Generative AI applied to product

Research synthesis with AI, Functional prototyping with AI, Documentation with AI
